AMOS AND KAPPE'S BOTH PAY COSTS

Grand Jury Disposes of Two Cases which Grew out of Gettysburg Street Fight by Making Both Prosecutors Pay Costs.

At Monday afternoon's session of Court the cases of the Commonwealth vs. Frederick Kappes and the Commonwealth vs. Homer Amos were disposed of by the grand jury returning "not a true bill" in each case and ordering the party at whose instance the case was brought to pay the costs. Amos paying the costs in the case against Kappes, and Kappes those in the case against Amos. Assault and battery was the charge in each instance.

These cases grew out of a quarrel in front of the Hotel Gettysburg one Saturday night several months ago. Kappes first laid information and Amos brought suit against Kappes the day of the hearing. Amos was held for Court and Kappes, waiving a hearing, also gave bail for Court.

A nol pros was entered in the case of the Commonwealth vs. William Fissel and that of the Commonwealth vs. William Stoops.

Citizen's Trust Company discharged as trustee of the dower fund of Sarah M. Weikert, the account being confirmed.

A divorce has been granted in the case of Fannie A. Starr vs. Francis A. Starr.

This morning the grand jury returned true bills in the following cases.

Com. vs. Frank Shultz. Charges, wantonly pointing a pistol, carrying a concealed weapon, assault and battery.

Com. vs. Mark E. Wisotzkey.

Com. vs. Charles Warren. Charge, larceny.

Com. vs. John Nugget.

Com. vs. George Tonsil. Assault and battery.

Com. vs. Emma Tonsil. Assault and battery.

Com. vs. Beulah Saylor. Receiving stolen goods.

The case of the Commonwealth vs. James J. Watson is now on trial and will likely continue for several days. The following jury was drawn for the case, George H. Krug, Wesley I. Oyler, Charles H. Mayers, S. J. Taylor, Amos L. Minter, Charles Johnston, James L. Staub, Charles G. Carbaugh, Blaine Bushey, Eli Slaybaugh, Landis Wintrobe, D. H. Steffy.

RUNAWAY

While Jacob Hildebrand, of Reading township, was on his way to the East Berlin creamery on Monday he stopped at N. W. Sell's blacksmith shop and tied his horse. While he was transacting some of his business at the shop the animal in some manner got loose and with the spring wagon ran down towards the bridge where it was turned at the mill by S. Altland. The animal then ran out an alley and upset the wagon at the corner of J. T. Baughman's garden and was caught by Hugh Day in front of the house.

UNFORTUNATE PLEASURE TRIP

Milwaukee Couple Spending Several Weeks here Have More Trouble. Woman Falls from Horse. Husband Taken suddenly ill.

Unusual misfortune has followed Mr. and Mrs. A. S. Bean, of Milwaukee, who have been spending the past few weeks in and around Gettysburg.

It will be remembered that about three weeks ago Mrs. Bean was thrown by a horse while riding near Buttonwood Stock Farm, sustaining severe bruises. She has been recovering from these injuries slowly and on Monday she and her husband drove to Pen Mar.

They were on their return this morning when about two miles this side of Fairfield, Mr. Bean suffered a stroke of paralysis, and he fell from the buggy to the road.

Charles McKenrick, who happened along the road about that time helped to get the man into the buggy and drove the two to Gettysburg where they have been stopping at the Eagle Hotel. Medical aid was summoned and Mr. Bean is now being taken care of in a room at that hotel.

In the fall from the vehicle he was somewhat bruised, but the horse they were driving stopped quickly and he will suffer little if any from the effects of the fall. Mrs. Bean's arm is still in a bad condition from her experience on the Biglerville road several weeks ago when she fell from her horse when part of the harness broke and was unable to free herself before being dragged some distance.

The couple came here on a pleasure jaunt intending to spend a short time riding and driving about the country which has struck their fancy greatly but their misfortune will likely extend their stay for some weeks.

PLANK DELIGHTS THE LOCAL FANS

By Giving the Athletics their Second Victory of the Season. Philadelphia Papers Liberal in Praise of Local Pitcher.

Gettysburg's baseball enthusiasts who wait eagerly for the returns from the big games have been notoriously happy today over Eddie Plank's second victory for the year. Incidentally he has pitched the only two games the Athletics have won this year. The Philadelphia papers give all credit to the Gettysburg boy as the following clippings from Boston dispatches concerning the game show:

North American: Eddie Plank rescued the Athletics from their slump today by beating the Red Sox. Score 5 to 1. After hammering Connie Mack's box artists to all corners of the lot during the last two sessions, Eddie came back today and duplicated his earlier performance in Philadelphia, kept the local boys down to four hits, and Engle succeeded in getting two of these.

Inquirer: Given a perfect baseball afternoon, the best of the early season, the Athletics played real baseball in the last game of their series with the Red Sox today and won it 5 to 1. Eddie Plank, who has ever made trouble for the Speed Boys, whom he shut out 1 to 0 at Shibe Park a week ago, was on hand to turn the trick again, while Eddie Karger, the left hander who was Plank's opponent in the box last Monday, again was unable to break into the winning column.

Press: Old Reliable "Eddie" Plank stepped into the breach today and stopped the losing streak of the Athletics by beating the Red Sox 5 to 1 in a well pitched game.

Record: Boston couldn't keep up its winning streak over the Athletics today largely because Plank was too much for the Red Sox. The Athletics won the last battle of the series 5 to 1.

Ledger: It fell to the lot of Eddie Plank, who won the Athletics' first game of the season from the Red Sox a week ago, 1 to 0, to again turn the Mackmen's faces toward the winning column. Plank was in splendid trim today and in winning, 5 to 1, the Athletics had things their own way after three runs had been set up as a margin in the fourth inning. On the other hand, Plank did even better than in his first game. Plank, while he gave two bases on balls and hit two men, was on the mark in the tight places and he fanned five batters when hits would have meant something for the home team.

OFFICE THIEVES ARE UNREWARDED

Miscreants Enter Express Office at Blue Ridge Summit but Fail in Attempt to Get Anything of Value. Similar Attempt Last Year.

Miscreants, believed to have been in search of money and liquor, broke into the Adams Express office at Blue Ridge Summit some time between Sunday midnight and daylight Monday morning.

They tore open a basket packed with clothing and the Western Maryland ticket rack, but so far as known got nothing.

They then ripped the cash box off the Bell telephone instrument in the booth in the waiting room.

Manager Jacobs, of the Waynesboro office, had gotten the money that was in the box a few days ago and it is not believed that they secured much for their trouble.

Entrance was effected by breaking a glass in a window near the door with a stone. It was not difficult to reach in, then, and turn the latch.

The same office was entered in similar fashion about one year ago.

TO DROP EXCISE BILL AND LIMIT LICENSES

New light has been shed on the legislation affecting the liquor traffic by the announcement that the excise bill which has aroused considerable local interest will be permitted to find a permanent berth in the committee room, and in its stead two bills, the Wertz and Riebal bills, will be amended and put up to the Legislature. These two bills provide that the licenses in the state shall be granted on a basis of not more than one to 1000 residents. Representative Riebal was loath to change the existing conditions in Philadelphia, and since his bill would have cut about 400 licenses from the list, he has amended it to provide that the ratio shall be one in 825. This would not permit an increase of licenses.

Senator Wertz's bill included all of the state, but it will be amended either by eliminating Philadelphia, thereby allowing the Riebal bill to affect that city, or by reducing his ratio to 825 and supersede the Riebal bill.

The Pennsylvania Brewers' Association, which met in Philadelphia last week, voted on the question of supporting the excise bill. The result was a message to Senator McConnell to drop the bill. The brewers are said to favor strongly the Wertz and Riebal bills.

STARTS COLLECTING

Mrs. S. Stewart, collector for the sprinkling fund, commenced collecting today—as sprinkling will begin May first, and continue until November. A number of streets, and squares of streets, will not be sprinkled on account of so few householders subscribing. If parties, living on these streets, desiring sprinkling, try to get the people on the whole block to subscribe, the Civic Club will be only too willing to do the work, knowing the great benefits derived from the same. After May no new parties will be taken in as it requires considerable work to run the sprinkler satisfactorily and when once started changes cannot be made.

DIVIDED VICTORY IN CATHOLIC CASE
 Laymen Control Cemeteries and Priests Burials.
 Pottsville, Pa., April 25.—The first of the pending decisions in the Catholic church cases, brought by the late Archbishop Ryan, was made when Judge Bechtel informally stated from the bench that the three county judges are a unit as to the law governing the conduct of Catholic cemeteries.

The decision is that the lay members of the congregations, under the laws of Pennsylvania, have supervision over all such cemeteries, and can manage the financial affairs, hire the grave diggers, etc.
 But on the question of who is to be buried in consecrated ground, the court holds that the priest alone has authority, and that lay members cannot decide whether a person has been in good standing in the church so as to entitle him or her to burial in a Catholic cemetery.
 This is a divided victory for the parties to the suit.

LICENSE TO DRINK
 Annual Fee of \$5 Proposed For Pennsylvania.
 Harrisburg, Pa., April 25.—Representative F. H. Knight, of Clarion county, is drafting a bill requiring every man or woman who desires to drink spirits, malt or brewed liquors in Pennsylvania to take out an annual license at a cost of \$5.
 Representative Knight figures that there are at least a million out of the state's nine million people who would want such a license and that therefore the revenue would be \$5,000,000 a year.
 His bill would prohibit the issuance of licenses to habitual drunkards and would make it a misdemeanor to serve intoxicating drinks to any one who did not have a license.

MINE EXPLOSION ENTOMBS 22 MEN
 Little Chance to Rescue Any of Them Alive.
 NEARLY ALL ARE AMERICANS
 Tons of Debris Impede Work of Rescuers, Who Are Cutting Through Wall in West Virginia Colliery.
 Elk Garden, W. Va., April 25.—Twenty-two miners are entombed in Ott mine, No. 2, of the Davis Coal and Coke company here, as the result of an explosion, and little chance is held out for the rescue of any of them alive, because of tons of debris impeding the progress of the rescuers.
 It cannot be learned whether the explosion was caused by dust or gas. Officials of the company say they have never known their mines to be gaseous.
 The rescue parties had not advanced far into the workings before they discovered it would take several days to dig through the heaps of roof coal and slate loosened by the explosion. It then was decided to effect an entrance nearer the probable point of the explosion by cutting through the wall of an adjoining mine.
 The rescuers have penetrated to the No. 2 mine at a point about 4000 feet from the outside entry. There still remains about the same distance to go before reaching the buried miners.
 The victims with one exception are Americans. They are: John Pritchard, Arthur Pritchard, Tamor Runnion, James Brown, John R. Wilson, Roy Wilson, Lester Wilson, William Pugh, Hawthorne Patton, Thomas Wilson, George White, William Parson, John White, William Shears, Harry Tannum, James Dempsey, L. O. Dempsey, Edward Hershberger, Thomas Yost, Charles Wilson, William Hetzel and William Busky. Busky is the only alien.
 The mine usually employs 200 men on the day shift, and about the same number at night. A temporary suspension of work, however, required fewer men in the mines.
 Two engines with rescue crews and equipment have arrived from Thomas, W. Va., fifteen miles away.

WIVES, TAKE NOTICE
 Your Husband May Slap You If You Go Through His Pockets.
 Providence, R. I., April 25.—A man is justified in slapping his wife for going through his pockets, in the opinion of Justice M. C. Lee, of the superior court.
 Judge Lee made this ruling in a divorce suit brought by Elizabeth England against her husband, John E. England.
 The court advised the couple to effect a reconciliation, "and in the meantime," he advised the woman, "don't go through your husband's pockets again. A man is justified in slapping his wife for this."

Last Ballinger Official Retires.
 Washington, April 25.—With the resignation of Edward C. Finney as the chief law officer of the reclamation service, to take effect May 1, practically all the officials of the interior department whose names figured prominently during the Ballinger-Pinchot investigation now have severed their connection with the government service.

Mother-Slayer Eats Again.
 Pottsville, Pa., April 25.—After three weeks of continuous fasting since she slew her eight-year-old son, Edward, five weeks ago, Mrs. Benjamin Granger has consented again to take food. Physicians are astonished at her condition, as they argued that she must be under a fatal spell and did not realize that she had murdered her boy.
Fifteen Passengers Drowned.
 Manila, April 25.—The steamboat Charles Pozal, operating between Manila and Corregidor, founded in a typhoon Sunday. Fifteen persons were drowned. Fishermen rescued a number of the crew and passengers. One American is missing.

GRAY HAIR MAKES YOU LOOK OLD
 A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.
 How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.
 The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age begin to notice their faces, by allowing the gray hair to become manifest. If your hair has become faded or gray, try Ayer's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also a grand remedy to remove dandruff and promote the growth of the hair.
 It is a pleasant dressing for the hair, and after using it a few days itching and dandruff of the scalp entirely disappear. This preparation is offered to the public at fifty cents a bottle, and is sold at all drug stores.

EXPECT \$2,000,000 MORE FROM CARNEGIE
 Laird of Skibo to Visit Pittsburgh This Week.
 Pittsburgh, Pa., April 25.—Pittsburgh's eminent patron, Andrew Carnegie, is to make his reappearance in this city this week on the occasion of the fifteenth annual celebration of Founder's Day at the Carnegie Institute Thursday.
 It will be the first of these annual affairs the Laird of Skibo has attended since 1907, and it is expected that he will signalize his coming by giving something like \$2,000,000 more for this favorite benefaction of his.
 He has already given to the Pittsburgh Carnegie Institute nearly \$25,000,000. Recently he informed the trustees that if they could profitably use \$50,000 or \$100,000 more annually he would be interested in being shown how, and the trustees are preparing to make the showing.
 Mr. Carnegie, accompanied by Mrs. Carnegie and their daughter, will arrive Wednesday morning. They will be the guests of George Lauder.

EXPECT FIGHT IN MOROCCO
 French Government to Send 10,000 Men as Reinforcements.
 Paris, April 25.—The French government is preparing for every eventuality in Morocco. The war office was advised that the first French flying column organized at Bouznika, near Casablanca, on the west coast of Morocco, under the command of Major Simon, for the relief of Fez, had already left for that capital by way of Rabat.
 Another column is being rapidly organized and will follow the first. The government is sending about 10,000 reinforcements to Casablanca. These troops are composed of several regiments from France and 1500 Senegalese.
 The government has received advice that quiet prevailed at Fez on April 15, the rebels apparently having been subdued by their defeat by Captain Bremond's column on April 12.

Advertises Postal Banks.
 Manitowish, Wis., April 25.—A stir has been caused in official and business circles by the action of Mayor Henry Stolze, Jr., the Socialist executive, in placing advertisements in the local papers advertising the government postal savings bank and advising people to deposit their funds in the bank, because the funds are not taxable to the government. The matter has been reported to the postal department at Washington, with request for instructions, by local postal authorities.
Two New Senators Sworn In.
 Washington, April 25.—W. S. Kenyon, of Iowa, and Nathan P. Bryan, of Florida, were sworn in as members of the United States senate.

Particularly the Ladies.
 Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.
 Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

His Punishment.
A heavily laden, elderly temperance speaker of the feminine persuasion in the course of a lecture before a somewhat mixed audience, found occasion to say:
"Friends, as I passed along the street at an early hour this morning I saw lying in a drunken stupor, amid the ooze and slime of the gutter, a poor, fallen, desolate fellow being. No good Samaritan came his way; the passers-by hurried on with merry, a careless glance and then left him to his shame. But as I passed beside him as he lay the thought came to me that, fallen as he was, that man had perhaps a wife, a mother, a sister, who loved him. So, kneeling, I brushed aside the stains from his face and smoothed the matted hair back from his brow and dear friends, kissed him."
Thereupon from the rear of the auditorium came the sympathetic comment of an interested hearer, "And you served him just right!"—Harpers.

GRAND JURY SEEKS DYNAMITE PROOFS

Books of the Union Are Sent to Courthouse.

MORE ARRESTS LOOKED FOR

Investigation Continues to Expose Persons and Methods Responsible For Explosions in Various Parts of the Country.

Indianapolis, Ind., April 25.—All the members of the executive board of the International Association of Bridge and Structural Iron Workers were summoned before the grand jury. The president of the organization, Frank M. Ryan, was ordered to produce the books and other records of the association, and he sent nearly a cartload to the court house.

Among the books taken by the police were passbooks for five years of J. G. McNamara, the secretary treasurer, and it is said that these show sums paid out mysteriously when taken in connection with the check stubs showing for what and to whom the amounts were paid.

The police would not admit, however, that the check stubs give them any clue to McNamara's connection with the dynamiting for which he is under arrest and now on his way to California.

W. J. Ford, assistant district attorney of California, said that he expected to finish in Indianapolis soon and return to California. McNamara, Ford said, was not connected with the Times explosion. Schmidt and Bryce, the alias used by J. W. McNamara, he said had charge.

Had Trouble With Unions.

"I was in the Times building," said Ford, "thirty minutes before it happened." Ford continued: "At the time of the explosion there was difficulty with the Typographical union and the structural iron workers in the city were on strike. The Typographical union difficulty, however, was one of long standing, and just at that time was in better condition than ever before. The difficulty with the iron workers was due to the attitude of the Times toward their fight, the Times being partisan and unfriendly to the iron workers."

Fear by J. J. McNamara that a stenographer formerly employed by him and with whom he had quarreled, might talk about his affairs to others, is thought to have had something to do with McNamara paying \$300 to the stenographer on March 4, 1910.

C. W. Appleman, attorney for the girl who obtained the \$300 settlement, says that when she employed him and stated her case to him, she said: "Tell McNamara he will have to settle with me. I know things about him and the iron workers' organization. It will be best for him to settle."

Mr. Appleman said he went to McNamara, discussed with him his difficulties with the girl and presented her claim, which was of a legal nature.

Mr. Appleman asserted that McNamara said the girl's claim against him was founded on a falsehood, but that in spite of this he would pay her the \$300 asked. "I went with her to his office and he paid the money to me for her," Mr. Appleman said.

Investigation declared to be directed toward exposing persons and methods responsible for eighty explosions and great property loss in various parts of the country during the last two years, continued at Tiffin, Ohio, as well as in Indianapolis.

MORE ARRESTS LOOKED FOR.

At Tiffin Detective William J. Burns and J. A. G. Badorf, assistant counsel for the National Erectors' association, followed details connected with their discovery there of 400 pounds of dynamite in a shed.

Following the arrest of J. J. McNamara in Indianapolis and the arrest of "J. J. Bryce," alleged to be J. B. McNamara, and Orlie E. McNamara, at Detroit, all of whom are being taken to Los Angeles to answer indictments charging them with complicity in the Los Angeles Times building explosion, there continued to be rumors of further arrests, but the police and others concerned declined to comment on them.

PAID \$50,000 FOR BIBLE

Famous Guttenberg Volume Brings Record Price.

New York, April 25.—Henry E. Huntington, son of the late Collis P. The purchase was made at the auction sale of the Hoe collection.

Given 25 Years For Murder.

Camden, N. J., April 25.—Clemy Ridgeway, colored, was given twenty-five years at hard labor in the penitentiary for the murder of Herbert Bibbs, a former member of the Camden fire department, by Supreme Court Judge Garrison. Last Christmas Eve Bibbs, returning from a store with a number of Christmas gifts under his arm, saw two colored men fighting at Seventh and Kaighn avenues. He called upon them to stop, whereupon Ridgeway turned upon him and cut his throat with a razor.

CAN A LADY EARN HER OWN LIVING?

Not According to Annapolis Naval Snobs.

Washington, April 25.—Secretary of the Navy Meyer has drawn a storm of indignation by his reply to Representative Korbly, of Indiana, in which he explains the cause of the incident at the naval academy in which Miss Beers was snubbed because she was earning her own living as a nurse. In his reply Secretary Meyer uses the words "misunderstood the social status of the young lady." This has caused him to get into deep water.

Representative Padgett, of the house committee on naval affairs, in an interview voiced his indignation at the implied meaning of this expression. So have a number of others. Representative Padgett made it clear that an investigation by his committee was likely.

Various members of the house also voiced their indignation, and so have a number of prominent women. Mrs. William Cummings-Story said it was inconceivable a young girl of refined manners and education should be insulted simply because she worked for a living. A number of pastors characterize the whole business, including the official attitude, as snobbish.

Representative Korbly says he will ask again for the facts in the case from Secretary Meyer, and if he fails to get a satisfactory reply will introduce a resolution calling for all the correspondence.

Sends Apology to Miss Beers.

Annapolis, Md., April 25.—In pursuance of the agreement between Captain J. M. Bowyer, superintendent of the naval academy, and the secretary of the navy, the former has forwarded to Miss Mary H. Beers an apology for the action taken by one of the academy officers, who suggested to her midshipman escort that by reason of her employment in the family of Lieutenant Commander Tarrant she was not a proper person to bring to an academy hop.

The body of midshipmen utterly repudiated the whole position apparently taken by some of the academy officers in this matter. The frequently expressed opinion is that a midshipman has a perfect right to bring any respectable woman to a hop, no matter what her employment or status may be.

PRISONER IN BOX CAR

Boy Rode From Cleveland to Jersey City Without Food or Water.

New York, April 25.—From the depths of a box car filled with four in Cleveland, Ohio, last week, there staggered out to the platform of the New Jersey Central railroad freight yards in Jersey City an emaciated boy of fifteen years.

He gasped for water and food, and after he had been refreshed told those about him that he was Hyman Golden, of Cleveland, Ohio, and that he had been locked in the car last Thursday.

"I was sent into the car to count the flour sacks," he said. "Some one closed the door while I was doing this. I beat against it and shouted, but it did no good."

The police made Hyman comfortable and telegraphed to his parents.

He had called to a helper to lower a pail of benzine, and when the fumes of the inflammable fluid came in contact with a lighted candle there was a burst of flame that filled the tank.

A Helping Hand.

After the stout woman had left the car a young man exclaimed excitedly, "She has left her bundle," and then he added resolutely, "I will take it to her." Seizing the package, the sterling youth leapt from the car in the middle of the block.

"Hey, lady?" he shouted, rushing back to her with the bundle in his outstretched hands. "You left this, madam."

"Tain't mine," she answered. "It belongs to the big colored man that was asleep in the corner."

The car was three blocks away and going farther.

"What in the world shall I do?" said the sterling young man.

"If I was in your place," the stout woman replied, "I would surrender myself to the police and telephone for a smart lawyer."—Newark News.

The Quiet Toiler.

'Tis not he who parades His deeds before the world, Holding aloft their worth, Whose memory lives imperished In the hearts of a people when The years have died away, But rather the man who toils Unquietly day by day.

'Tis he who at his task, Be it high or be it low, Strives with never a thought Of self and praise, but wholly Lost in the love of duty, Who deems no man his debtor And quietly toils each day To make the world ever better.

—George Newell Lovejoy.

A Comforting Bridegroom.

Louis Agassiz, the naturalist, spent the evening of the day he was married in his laboratory as usual. He retired after his newly found wife was in the realm of dreams, bringing to his bedroom two very choice specimens of the snake family which he had been studying and was still engrossed in. Forced to part with them for the night, he looked about for a suitable place to leave them and finally laid hold of his wife's stocking as a convenient receptacle.

The next morning when Mrs. Agassiz rose she cried: "Louis, there's a snake in my stocking! What shall I do?" "A snake!" yelled Agassiz, now fully aroused. "One snake. Heavens, where's the other one? I put two in there."

IN EARNEST FOR PEACE IN MEXICO

Negotiations Start in the Five Days' Armistice.

MADERO IS INSISTENT

Wants to Be Sure Reforms Will Be Carried Out—May Extend Truce to Carry on Negotiations.

El Paso, Tex., April 25.—It was learned that if there should be need of a longer truce than five days in which to conclude peace, the armistice signed between General Navarro, of the federal forces, and General Madero will be extended from Friday, when the truce will expire at noon.

Negotiations for peace have gone just far enough to put each side in possession of the outlines of the other's demands. General Madero has known and guarded for two weeks information as to what the government will grant. He telegraphed to Mexico City the nature of his own demands.

Following this, a long telegram was received from the Mexican capital, but no indication of its contents leaked out.

Madero met the peace commissioners several times, but there has been no agreement as yet. There is a hitch now on how the arrangements will be carried out. Madero wants the federal government to name commissioners who will be able to act in a binding manner for the federal government. He would obviate the necessity of carrying on so much telegraphic correspondence with Mexico.

One of the demands of Madero is that the provisional governors now on duty in the states of Chihuahua, Durango, Coahuila and Sonora be allowed to remain in office until an election can be held, the federal governors for these three states retiring.

Madero will also insist that his men must not be disbanded. If they disperse they are to go to their homes with their arms. This is to be the part of the federal guarantee of good faith. If good faith is not shown by the government, then the war can be resumed if the federals break faith.

Is Not a Surrender.

Madero will insist that the disbandment shall not be in the nature of a surrender. He is willing, it is stated, to have a certain date set for ending the war, after which time all men in arms will be considered traitors or bandits. He will insist that ample time be given all the men in arms in all parts of the republic to get information as to the cessation of hostilities. All who return to their homes and cease operations by the date set are to be exempt from prosecution for any act of war they may have committed against the government during the time they have been in arms, up to and including the date set for final disbandment.

Madero will insist that his men now in office in the four states named and the local officials whom they have put into office be retained, as he claims they have been elected in accordance with the popular will of the people and that their installation is the first step towards reform.

Madero will consent to the other governors remaining in office pending the expiration of their present terms, meantime the non-election clause to be adopted in all states and by the nation, so that full and free elections will be held as officials' terms expire in the states and nation.

As to the carrying out of the reforms offered by Diaz, Madero is willing to accept the assurances of the cabinet and the men who are acting in behalf of the cabinet and the president—Branniff, Oregon, Hernandez and his father. These assurances, the continuation of his insurrecto officials in office in the four states and the retention of arms by the insurrectos after returning to their homes, he believes, will be guarantees sufficient to prove the good faith of the government.

Madero admitted that Dr. Gomez is coming to El Paso from Washington to take part in the peace negotiations. Gomez is the confidential agent of Madero in Washington and was candidate for vice president on the Madero ticket at the last election.

Former San Domingo Rulers Arrested.

San Juan, P. R., April 25.—Federal officials here arrested former President Morales and former Vice President Jimenez, of San Domingo, together with Zenon Torrible, of the same country, on a charge of preparing in this island to organize a military expedition against the Dominican republic. Papers and documents seized at a hotel led to the arrests. The men were held in \$7500 bond each.

Supreme Court Adjournments.

Washington, April 25.—Chief Justice White announced that the supreme court would adjourn over on April 28 until Monday, May 1; that it would adjourn that day until May 15, and again on the 15th until May 29, when the final adjournment for the summer will take place.

Neither the good Lord nor members of the family have much patience with the man or woman who is courteous and polite when out in public, but when at home removes the mask and works off a lot of cussedness and ill nature on the members of the family. Chaps or women of this kind may observe outward forms of piety and say long prayers at the kirk, but their petitions are pretty shoddy articles, which never rise above their heads.

There seems to be a disposition on the part of the railroads in the central western states, where the two cent fare laws were adopted, to let the rate stand, for since the new rate became operative it has been found that passenger traffic has been enough larger to more than offset the loss resulting from the reduction. If practicable in the sparsely settled western states it would seem as if conditions were such as to justify the rate in many an eastern state.

Some figures which have been compiled the past season on the subject of pasturage for hogs are interesting and may be put to good use next spring in providing such pasture. They show that an acre of mixed oats, rape and clover produced 831 pounds of pork at a cost of \$3.34 per hundred; clover alone, 748 pounds at \$3.51 per hundred; rape, 713 pounds at \$3.44 per hundred; oats, rape and Canada field peas, 694 pounds at \$3.63 per hundred, while an acre of blue grass and timothy produced 367 pounds of pork at a cost of \$3.81. It is interesting to note the economical production of pork with the first two pastures, in which clover appears. Had alfalfa pasture been available in the experiment it would probably have made an even better showing than did the clover.

DELICATE CHILDREN

Made Strong and Healthy by Vinol. "I wish I could induce every mother who has a delicate, sickly child, to try your delicious cod liver and iron tonic, Vinol."

"It restored our little daughter to health and strength after everything else had failed. It tastes so good she loved to take it—not a bit of cod liver oil taste.—Mrs C. W. Stump, Canton, Ohio." (We guarantee this testimonial to be genuine.)

The reason Vinol is so successful in building up puny, delicate, ailing children is because it is a combination of the two most world famed tonics,—the medicinal body building elements of cod liver oil, aided by the blood making and strength creating properties of tonic iron. It contains no oil, and children love to take it and it cannot harm the most delicate child.

If we can induce you to try a bottle of Vinol as a body builder and strength creator for your child, and you do not find it is all we claim, we will return your money on demand. People's Drug Store, C. Wm. Beales, proprietor, Gettysburg, Pa.

The world would probably be just as well off if a half or more of the dogs were put out of the way by some hurry up method, but now and then a valuable canine that one would really like to save gets a dose of poison. In such cases it is worth remembering that hot lard and milk will, if given at once, often induce vomiting, which will free the system of the drug. They also tend to act as an antidote for poisons having a corrosive effect. In the line of drug antidotes potassium bromide is excellent. It can be got at any drug store and may be given in a small quantity of water.

A Namesake.
A genial, garrulous old Irishman from the country districts was visiting Dublin for the first time. Taking a seat in a tram-car, he found himself next to a stiff and pompous looking swell. This didn't disconcert Pat in the least, and he commenced a one sided conversation with his dignified neighbor in a rather free and easy style. At length the mighty one, raising his eyebrows, said:

"My good man, reserve your conversation for one of your own equals. I'd have you know I'm a K. C."
At this the countryman stood up with outstretched hands, exclaiming: "Shake hands, namesake. Begorra, I'm a Casey meself!"
Will.
There is no chance, no destiny, no fate, Can circumvent or hinder or control The firm resolve of a determined soul. Gifts count for nothing. Will alone is great.
All things give way before it soon or late. What obstacle can stay the mighty force Of the sea seeking river in its course Or cause the ascending orb of day to wait?
Each well born soul must win what it deserves.
Let the fool prate of luck. The fortunate is he whose earnest purpose never swerves. Whose slightest action or inaction serves The one great aim. Why, even death stands still And waits an hour sometimes for such a will.
—Ella Wheeler Wilcox.

Wrong Diagnosis.
A certain high rolling student at Heidelberg was ponderous, bibulous and somewhat stupid, his thirst for knowledge not being quite up to the standard of his thirst for beer.

This student the morning after a corps meeting, a meeting where he had drunk by actual count fifty-three large mugs of beer, awoke to find himself in bed, but half undressed, with his feet resting on the pillow.

From the low footboard the student regarded for a moment his large feet propped side by side on the white pillow. Then he muttered: "Himmel! Here I've been thinking all night that I had the toothache, and it's my shoes that have been pinching me."

Only Sober Men Wanted

Competition is too keen and too strenuous for an employer to keep on his pay roll men who are not in mental or physical condition to perform their duties. Every line of business is closing its doors to "drinking" men. If you are a drinking man, it may be your time now. Better stop drinking at once. Orrine, the standard remedy for the liquor habit, will help you. By the aid of Orrine thousands of men have been restored to lives of sobriety and industry, hence they have become worth more to their employers, and best of all they've made their loved ones happier.
Orrine is a simple home treatment. No loss of time from work while you are taking it. Start to-day. You will be surprised at the results. We are so sure that Orrine will benefit you that we say to you that if after a trial you fail to get any benefit from its use, we will give you your money back.
ORRINE is prepared in two forms. No. 1, a sweet treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink. ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1.00 a box. Write for Free ORRINE Booklet (mailed in plain sealed envelope) to ORRINE COMPANY, Orrine Building, Washington, D. C. It is a commentary on our present day civilization that the most sacred rite and institution we have—that of marriage—often furnishes the occasion for a type of vandalism and horseplay that would shame a Fiji Islander or a Patagonian.

A wise mother we know has prevented her little child from forming the candy habit by never allowing it to eat candy and so to acquire a taste for it. The necessary sweets are provided in other ways, and the child is encouraged to eat fruit, which is equally appetizing and much more wholesome.

An Irish Duel.

The annals of the Emerald Isle bristle with incidents of dueling in which Irish humor, if not at all times Irish bravery, is conspicuous. On one occasion Sir Jonah Harrington fought a duel with a barrister named McNally. The latter had one leg shorter than the other and because it was his habit when in a hurry to take two thumping steps with the short leg to bring up the space made by the long one he was nicknamed "One Pound Two." McNally could get no one of his bar to fight him, so he challenged Harrington, who, good naturedly exchanged shots in Phoenix park.

The baronet hit his opponent in the breech, then called the "gallows," and feared he had killed him. When the result was made known one of the seconds shouted, "Mac, you are the only rogue I ever knew who was saved by the gallows."
